

CAPABILITIES

AFC Management is an 8(a) Certified, woman-owned business founded in 1997. AFC provides clients with mission critical **business and technical support services**, across all levels of the supply chain. Most notably, AFC has provided full service contract management, administrative support and facilities support services for federal, state and local government as well as the private sector.

PROGRAM MANAGEMENT & STAFF AUGMENTATION

AFC Management specializes in all levels of program management and staff augmentation. Operational and Staffing support areas include: Financial Services, Technology, Logistics and Facilities Support, Healthcare, Acquisition Support and Administration.

FACILITIES SUPPORT SERVICES

In its 20 year history AFC has managed over 200,000 employee lives in the facilities and program management requirements it has successfully fulfilled. AFC has never had a contract cancelled and have maintained the majority of our customers for over 6 years of service. AFC currently manages successful facility operations for DOD, DOS, SEC, DOT, and multiple private sector customers. Learn more about our facility support services and operations at www.aerobodies.com.

PROFESSIONAL DEVELOPMENT, TRAINING & EDUCATIONAL SUPPORT

Customized and Off-the-Shelf Training, Coaching and Facilitation Solutions are at the core of our business suite of services. Our team of professionals includes education experts, coaches, PHDs, and organizational consultants. These subject matter experts will work closely with your agency leadership to assess and implement training solutions that meet mission requirements and create positive outcomes in communication, organizational development and operating procedures.
